How to Fix America's Refugee / Immigration system

First - Immigration into the U.S. is a privilege, NOT a right:

Every country has restrictions on immigration and controls their borders to prevent illegal immigration. Any country that will not control their borders is no longer a sovereign nation. Immigrants who come here legally deserve our respect and support. Illegals don't. All immigrants to America must be vetted for disease and criminal history. Immigrants can enter the U.S. **only if we allow it.**

It has been pointed out that there was illegal immigration earlier in our country's history in an attempt to justify today's illegals. This is not a valid comparison because: 1) In the past, the US was under-populated so it didn't matter. Today we are over-populated. 2) Those immigrants loved their adopted country - the USA!

Some politicians (Democrats) claim that wanting to deport illegal immigrants is an attack on Hispanics. NOT TRUE. All this rhetoric is a deliberate lie intended to arouse ethnic hatred and social unrest. **Vetting immigrants** and deporting illegals is not new. Since most terrorist attacks around the world are by Muslims, we have a moral obligation to examine Muslim immigrants more closely.

Second - How many immigrants/refugees should we let in?

Immigration into America MUST be limited to what our economy can absorb and doesn't displace American workers. This is really the deciding factor on implementing a rational immigration policy. Some politicians (Democrats) claim that wanting to limit immigration is racist or xenophobic. NOT TRUE. **We need to do what is in the best interest of the American people.**

People who support 'open borders' or declare that 'no human is illegal' are ignoring reality. In a 2018 worldwide survey, Gallup found that 158 million people want to move to the U.S.(1) Should we allow everyone in? If they all claim political asylum status, should we let them all in? We can't save the world! We will only destroy our economy, our way of life and become a third world nation. Overcrowding is becoming a huge problem in large metro areas. Would you prefer to live jam packed in a huge metro area crammed with millions of people - like India or China - or live in a place with some breathing room? How much more farmland and forests would you like to see turned into housing developments, apartment complexes and Malls? **We are FULL.**

Third - What kind of immigrants/refugees should America accept?

Many immigrants of the past were more patriotic than native born Americans because they had firsthand knowledge of the tremendous freedom and opportunity they had in America. These proud immigrants wanted to leave their native country behind and embraced America. Their loyalty was to their new adopted country of America and they didn't demand special favors. They wanted to wave the American flag and insisted that their children learn English so they could be "real" Americans. These immigrants were a tremendous asset to America. For instance, there are millions of Americans of German descent who took up arms against their ancestral homeland in World Wars One and Two - with thousands dying or injured. They did this because they were proud Americans of German descent, NOT Germans living in America. **This is the type of immigrant we should accept.**

In President Calvin Coolidge State of the Union Address on Dec 6, 1923, he stated: "American institutions rest solely on good citizenship. They were created by people who had a background of self-government. New arrivals should be limited to our capacity to absorb them into the ranks of good citizenship. America must be kept American. . . Those who do not want to be partakers of the American spirit ought not to settle in America."(2)

Sadly, we now have a class of Immigrants who are American in name only. These immigrants, both legal and illegal are unamerican in their hearts and anti-American in their conduct. These hate-America immigrants mostly come from Mexico and Muslim countries and are really engaged in an unarmed invasion of America.

Demonstrators against Trump carrying the Mexican flag on May 2016 in San Fernando Valley, California.(6)

Demonstrators against Donald Trump wave the Mexican flag on May 28, 2016 in San Diego.

Muslims are infamous for refusing to assimilate. In a 2015 survey of U.S. Muslims, 51% want Sharia Law in the U.S. Only 39% support the American legal system.(3) Every time Muslims become a majority in a country, they impose Sharia Law, establish a Theocratic dictatorship and non-Muslims no longer have any rights.

Some racist Mexican American organizations like La Raza - now UnidosUS - and the Mexican government promote illegal immigration. Illegal aliens do NOT have the same rights as citizens. Narrow minded liberals who support "rights" for illegal aliens have a flawed concept of right and wrong and are doing great harm to American unity and to the rule of law. These traitors act like illegals did something great by coming here illegally!

Most illegals are nice people who work hard. However, being a nice guy doesn't change the fact that you are here illegally. If you rear end another car, the police officer will not let you go because you're a nice guy. Also, some illegals are "nice" only because they are on a public relations campaign to get Americans to be sympathetic to their cause - amnesty. If you disagree, you will quickly find out that these illegals are really not nice people. In addition, illegals bypass the medical exam legal immigrants receive. Areas with high concentrations of illegals have seen outbreaks of diseases that were eradicated in America decades ago.(4) Illegals send a huge amount of money out of the country each year.

To sum up, these traitor immigrants have NOTHING in common with traditional immigrants. People who don't share our values should not enter our country.

Traitors wave Mexican flags in Chicago on March 2006 supporting 'rights' for illegal immigrants.(7)

Fourth - Illegal immigration must end!!

The issue of illegal immigration was supposedly settled in 1986, when Ronald Reagan granted amnesty to about 3 million illegals in the US. Instead, this set off a new wave of illegal immigration that continues to this day. These illegals are waiting for the next amnesty. This is why republicans have been so resolute in blocking another amnesty - it just encourages more illegal immigration. **We can not grant amnesty again!!** (5)

Some illegals have a baby in the U.S. which automatically makes the baby an American citizen. Illegals use "anchor babies" as their "get out of jail free" card to hide behind. This practice must end. The entire border with Mexico must be secured. President Trump built 480 miles of wall that allowed the Border Patrol to control our borders. Traitor Biden ended wall construction and instituted a Open Border policy. Over 4 million illegals have poured into the country in 2 years where there is no wall.

Giving amnesty to illegals makes a mockery of all those who want to enter legally or have entered legally. Why should these people play by the rules when the law breakers get a free pass? If you believe we shouldn't deport illegals, we have a question for you: Would you mind if your job was taken by an illegal alien??

Fifth - Required Legislation

A) Outlaw 'anchor babies.' A baby born to illegals in the US is a citizen of whatever country the parents are from. If the parents are deported, the children go back with them.

B) The border with Mexico MUST be secured immediately. Make E-Verify mandatory for all employers and all current workers.

C) No dual citizenship. It's great to be proud of your heritage, but you can have loyalty to only one country. Pick one. You must renounce allegiance to your birth country like earlier immigrants did. (See Naturalization paper - 1889)

D) Minors brought to the US by parents who were illegal did not knowingly do anything wrong. Yet protecting 'Dreamers' in the DACA program will just encourage more illegal immigration and disrespect for US law.

Olympic medal winner Leo Manzano waved the flag of the U.S. and Mexico because he has dual citizenship.(8)
